SYTDesign Consultants hires new project manager

Cumberland (April 25, 2006) — SYTDesign Consultants recently announced that George S. Paton, P.E., LSE, of Bowdoinham, has joined the firm as project manager. Prior to joining SYTDesign Consultants, Paton was Manager of Capital Development at the University of Puget Sound in Tacoma, Washington. George's responsibilities will focus on project management.

George holds a Masters Degree in Business Administration from New Hampshire College and a Bachelor of Science Degree in Civil Engineering from the University of Massachusetts at Amherst.

Founded in 1987, SYTDesign Consultants operates a statewide practice from offices in Cumberland and Brunswick. The firm provides clients with environmental and regulatory permitting assistance, stormwater management, site engineering, landscape architecture, and construction phase services.
